Hi Jim,

As I am moving forward with shipyard plans for both ships and transits to get them there. We have a Captain for Lettie who I would make arrangements for him to start and move onto Lettie. Do you have a rough date for when staff are able to return to work that you can share so I can give him a tentative start date?

We are looking to bring Lettie to the shipyard in early May so I want to have the incoming captain aboard a couple weeks earlier than that transit to become familiar with the vessel and assist in preparations.

Any information would be appreciated.

Best,

Hi Jim,

I am still working with the incoming Captain of Lettie G Howard to set a start date. I request approval for him to start on April 19th. He has been fully vaccinated.

Please let me know if you have any questions or would like to discuss logistics.

Best,

Christopher Cusson

Hi Jim,

I am checking in to see if I can get approval for Lettie Captain start date for April 19th or discuss the options.

I would appreciate figuring this out with you so we can give a start date to the incoming captain and allow him to begin making plans.

Best,

Yes, that should work – can I see the resume'/CV?

Hi Jim,

Thank you for getting back to me and for approval. The incoming captain is Christopher Sutton, his resume is attached.

I will start making plans for his arrival on April 19th.

Thanks,
