Hi Scott –

Sorry to continue to email you about FNL, when you are no doubt trying to get other things done and already have carved out a significant chunk of time next week for FNL and PHMC discussions.

I thought you that you should be aware of this email, which I received last night. It seems that there is a strong contingent that is bent on disrupting improving relations between our two organizations. I am not sure how we will bring the groups together successfully if this kind of undermining of our shared intent continues. I think it is especially worrying in that it spans the organization from the volunteers to the ship's captain.

Thanks,  
Andrea

Colleagues,

Please see the following, forwarded by Linda Bolla. You will note the involvement of the Niagara Volunteer Council and the apparent participation of Niagara Capt. Cusson. The letter also directly asks for comments on Jim Hall.

Charlie

***ATTENTION:** This email message is from an external sender. Do not open links or attachments from unknown sources. To report suspicious email, forward the message as an attachment to [REDACTED]*

Amy, please send to Charlie ASAP. This was not sent directly to me, but to a friend. Found it this evening and I am physically sick over this. Jim has never said anything like this.

I'm afraid to send this to Jim. I'll take it to him in person tomorrow. I'm very concerned over the list of people John forwarded to. This is literally all over Erie.

Edd Hale is a ship crew volunteer who sent this to John to get him to write a letter. Don't hesitate to call if this is unclear.

**Subject:** Fw: Info

In case you haven't heard, the Niagara and FNL are in a fight for their very survival with the state. The PHMC museum director publicly stated he wants Niagara permanently docked as a static museum ship! Also, he thinks Tall Ships Festival is a waste of time. He has alienated the docents to the point that the museum can only be open 2 days a week. He is also accusing FNL of misappropriation of funds of \$1 million! PHMC has stonewalled signing a new associates agreement and a new management agreement. They want to eliminate FNL or reduce it to doing bake sales. They want 100% control back.

The volunteer council is heavily involved with a huge letter writing campaign which the five local state legislators are using to force PHMC to backoff. So, if you are willing to join the battle, follow the link below and create a letter. It's pretty simple. All letters go to a central database that we then can submit together.

Thanks, John. Don't Give Up the Ship to bureaucrats!!

Edd
