Heather,

Thank you so much and to the entire team that assembled to look for a solution to this issue. I apologize if I had caused any undue stress; up until very recently, I was a one man show planning a multi million dollar refit, hiring a delivery crew, and preparing a ship for the 2000nm passage east. Something was bound to fall through the cracks.

Anyway, please find the letter we all discussed attached to this email. Let me know if I need to amend it in any way.

Cheers,
Greg

Hello Greg,

If I may introduce myself, I am the Regional Manager of Marine Security for Ontario Region. It has come to my attention that the Brig Niagara is set to depart for Canada. We are struggling to ensure that there are no conflicts for your voyage. Would you be able to take a call or TEAMS meeting asap?

Thank you,

Heather
